

Brent Run Landfill, Inc
810-639-3077 Option 3, Option 1 for the Scale house
Or email Cust3110@WasteConnections.com

- Passes are restricted to customers of Emterra Environmental USA. DRIVER LICENSE IS REQUIRED TO MATCH THE ADDRESS ON THE FRONT OF THE CARD. Resident must be present for permit use.
 - We had relaxed this policy during the height of the pandemic. Residents were not able to get into the secretary of state without an appointment and we understood that appointments were being scheduled for months out. We have found that there are a couple of ways to complete a change of address.
 - You can usually get an appointment within 24 hours if you attempt to get one at the listed times on the website, usually at 8am and 12pm daily.
 - You can also go to www.milogin.michigan.gov, create an account and change your address there. If someone has their current license with an old address along with a screenshot on their phone that the change was successful, we will honor that permit.
 - These permits are for the resident of the property. A homeowner that owns multiple properties as in a rental would only get a permit for their own address if applicable and the one permit per month policy would still apply
- Passes are good for Municipal Solid Waste (household trash) or for household demolition projects
- Compost/yard waste, Freon items, tires and boats/campers are not allowed under the permit and will be charged the posted gate rate
 - Compost/yard waste is described as items smaller than 2" in diameter and 4' long.
 - Freon items are not accepted at this location
- 1 pass per load is allowed
 - Residents are allowed to be issued 1 pass per month
- There is a 1,000 lb limit per pass; exceedance will be charged the posted gate rate
 - Gate rate 7/7/21 is 80.00/ton or .04/pound - (rates subject to change)
- All loads must be secured with a tarp in an attempt to reduce littering in our communities
- Pickup truck sized loads will use the residential convenience center, any loads larger than that will be directed to the landfill
 - Loads directed to the landfill require a reflective safety vest for anyone outside the vehicle. Brent Run has these available for \$8.00 each if you do not have one
 - Bulk items like furniture, hot tubs, boats, and campers may be directed to the landfill as evaluated by the scale attendant
- Hours and Rules may change as deemed necessary per our Management – any questions please call our office or consult our website www.brentrunlandfill.com
 - Current hours effective 7/7/21 is Monday – Friday 7am – 3pm
- **Any loads that do not adhere to these rules will be rejected.**
- **Brent Run Landfill is not affiliated with Emterra Environmental or your local city or township office.**
