

GENESEE COUNTY 2015-2019 CONSOLIDATED PLAN

Genesee County 2018 Annual Action Plan

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The 2018 Action Plan for Genesee County, Michigan reflects the priorities, goals, and expected outcomes for programs, projects, and activities funded with U.S. Department of Housing and Urban Development (HUD) grant dollars. Genesee County receives HUD funds for three programs: Community Development Block Grant (CDBG), Emergency Solutions Grant (ESG), and HOME Investment Partnerships Program (HOME). The priorities, goals, and outcomes are based on data provided by HUD, a housing conditions survey conducted for the 2015-2019 Consolidated Plan, U.S. Census data, information from local agencies, citizen input, and data from other sources.

The primary focus of HUD funds is to provide decent and affordable housing options; a suitable living environment; opportunities to expand economic activities, principally for low- and moderate-income persons; and to rehabilitate and operate shelters, provide essential social services, and prevent homelessness. Based on HUD's previous award notifications to GCMPC, Genesee County will receive approximately \$2,493,764 in HUD funds for the 2018 program year.

Genesee County Metropolitan Planning Commission (GCMPC) is authorized by the Genesee County Board of Commissioners to act as the lead agency for the development of the Five-Year Consolidated Plan, which also includes the development of the 2018 Action Plan. There are thirty-three municipalities located in Genesee County. One, the City of Flint, is a HUD entitlement community and receives separate funding to implement programs in the City. Of the remaining thirty-two municipalities, twenty-nine participate in the County's Community Development Program.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The 2018 Action Plan provides an assessment of Genesee County's housing and community development needs from the approved 2015-2019 Consolidated Plan. Needs were determined by evaluating data for: housing conditions, homelessness, the non-homeless special needs population and existing housing options, homeless and special needs facilities and services, barriers to affordable housing, and economic development market condition.

Based on data from surveys, consultations, and public input, local units of government, and local agencies, Genesee County determined the following primary goals:

Improve Public Facilities and Infrastructure

Survey feedback and consultations indicated a great need for public facilities and infrastructure improvements. Highest rated overall was street improvements, specifically maintaining and improving existing streets. Also highly rated were new sidewalks/bike paths and improving existing flood/drainage infrastructure. This Plan will focus on improving public facilities/infrastructure that will primarily benefit low-and moderate-income households and areas.

Increase Homeownership

Affordable housing is a significant concern for local housing agencies. Increasing homeownership will be achieved by working with Community Housing Development Organizations to build new or rehabilitate existing housing for low-income households.

Improve Housing Conditions for Homeowners/Renters

Housing conditions are a major concern in Genesee County. Improving conditions for homeowners will be done primarily through the Home Improvement Program (HIP). Eligible homeowners can receive home repairs utilizing no interest, no payment mortgages. Improving housing conditions for homeowners and renters will also be done with code enforcement and demolition of blighted properties, primarily in low- and moderate-income areas.

Foster Economic Development

Job creation and retention, employment training, local business attraction and retention continue to be priorities for Genesee County. Job creation and retention was the highest rated need according to the survey. Employment training also rated very high. Local governments indicated that they would like to see more local businesses. A job training activities project for developmentally disabled adults helps to educate and train residents in an effort to expand the workforce in the County.

Promote Access to Public Services and Resources

Public services and resources including senior services, youth and child services, crime prevention, employment services and substance abuse services were all rated as important needs. Promoting access to these will be done by providing funds to support agencies assisting low- and moderate-income persons and areas.

Address the Needs of Homeless and At-Risk Persons

The Flint/Genesee County Continuum of Care (CoC) evaluated needs of the homeless. Emergency shelters, case management services and supportive services were all rated as high priority needs. ESG and some HOME funds will be used to address the needs of homeless and at-risk individuals and families. Data reported by the CoC, regarding the Street Outreach program, show an alarming increase in the number of homeless needing assistance in the early months of 2018 with no clear cause. It's clear, however, that the Street Outreach program increased the number of contact points, creating greater access to needed services.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

Through years of administration of the CDBG, HOME, and ESG Programs, the Genesee County Metropolitan Planning Commission (GCMPC) continues to refine policies and procedures to ensure that HUD funds fulfill the intent of the federal legislation that created the programs and meet the goals defined in the Consolidated Plan.

During Program Year 2016, GCMPC created positive results in many of the outcome categories of the 2015-2019 Consolidated Plan. Staff evaluated the performance of PY 2016 in this Plan because GCMPC is currently in PY 2017, making final project data currently unavailable. The following is a summary of results:

Decent Housing

Increased homeownership: Habitat for Humanity completed three new construction homes sold to low-income families.

Increased supportive rental units: The number of households supported through rental assistance increased.

Housing conditions for homeowners and renters: Code enforcement activities, home improvements, and demolition and clearance activities have all contributed to better housing conditions. Nine structures were demolished in PY 2016. Staff worked closely with the local units to ensure the process followed requirements.

Reduced cost burden for homeowners and renters: Improvements made to reduce cost include: incorporated energy efficiency upgrades to homes such as lighting with CFL and/or LED, and upgraded electrical appliances into home improvement and new construction projects, replaced broken and/or outdated windows and doors, added insulation, replaced furnaces with 92% efficiency furnaces, added foundation insulation, sealed foundations, upgraded water wells, and electrical wiring, replaced shower heads with water saver implements, and improved restrooms with low-flow toilets.

Suitable Living Environment

Improved functionality and appearance of public infrastructure: One community invested over \$302,000 improving water utility infrastructure in a low-and moderate-income area. Another allocated over \$56,000 to street improvements, and one invested over \$60,000 to ditching operations.

Improved public spaces: Two communities invested more than \$34,000 to senior center improvements.

Increased public safety: One community purchased equipment for a patrol cruiser servicing the low-and moderate-income area.

Increase public participation in community life: Funds for programming, services, and operations at senior centers was the primary focus for expenditures of Public Service money for most local units.

Economic Opportunities

Increased academic and social success/development in children and youth: One community used Public Service funding to purchase training equipment for a youth program, catering to low-and moderate-income youth.

Enhanced employability of youth, seniors and individuals with special needs: One community used Public Service funds to assist with job training activities for developmentally disabled adults.

GCMPC will continue to evaluate its performance on a regular basis to ensure the programs are running efficiently, while meeting the goals of the programs and the important priorities determined within this Plan.

GCMPC embarked to evaluate our CDBG program in PY 2018, comparing the program to similar entitlement communities, in an attempt to make greater impact with HUD funding.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

GCMPC requested participation in the development of the 2015-2019 Consolidated Plan from citizens at-large, with specific focus on getting input from low-and moderate-income citizens; local housing providers and Community Housing Development Organizations; local government officials; non-profit and advocacy agencies; human service providers; and the Continuum of Care and its members. One-on-one discussions were held between staff and representatives from various partner agencies and those providing public services throughout Genesee County. An electronic community needs survey was emailed to over 500 people on Genesee County's public participation list and to each local unit of

government in Genesee County and was widely disbursed to yield input from low-and moderate-income individuals. A survey focused on homelessness was also sent to the Continuum of Care members.

Feedback assisted in development of the goals identified in the Consolidated Plan. Agencies consulted during the preparation of the Consolidated Plan were given the opportunity to present new insights and propose changes. The goals remain consistent for the 2018 Program Year.

During the 2018 CDBG application process, communities were required to hold a local public needs hearing on proposed projects. Minutes were submitted with each application. After CDBG applications were reviewed, a County public needs hearing was held on December 4, 2017. Another will be held March 12, 2018. Input from the local and county public needs hearings was considered during the development of the 2018 Action Plan.

The 2018 Action Plan 30-day public comment period will be held February 26, 2018 – March 27, 2018 with a public hearing held at the Genesee County Community and Economic Development Committee meeting on March 12, 2018 at 9:45 a.m. Since Genesee County has not received allocation amounts from HUD, the draft states that all monetary designations are estimates and will be updated accordingly upon receiving actual HUD award. The public hearing's purpose is to garner input on the draft 2018 Action Plan, including the housing and community development needs and the goals and priorities identified. Comments received during the public hearing and comment period will be added to the Plan.

An email, with the draft Action Plan and comment sheet attached, will be sent to the public participation list, each local unit of government, members of the Continuum of Care, and consulted agencies. A hard copy of the draft 2018 Action Plan will also be distributed to the Flint Public Library. An accessible copy will be available at the Genesee County Metropolitan Planning Commission (GCMPC) office, and a link to the draft will be available on the GCMPC website. Recipients are encouraged to provide comments.

Please see the Grantee Unique Appendices, Appendix A, at the end of this document for:

1. Items relating to the Public Hearing held in December 2017 to allow the public an opportunity to contribute ideas or comment on the 2018 project list: the December 2017 public hearing notice in the Flint Journal; the December 2017 public hearing notice in the Courier; a screenshot of the December 2017 public hearing notice on GCMPC's website; a memo to the Community and Economic Development Committee regarding the December 2017 public hearing; and the sign-in sheet from the December 2017 public hearing; a copy of the Flint Journal 2018 public hearing notice and public comment period; a copy of the Courier 2018 public hearing notice and comment period; and a screenshot of the website notification regarding the open comment period. All comments received during the March public hearing and throughout the public comment period will also be added to this section of the Plan.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

The public comment period will begin February 26, 2018 and continue through March 27, 2018 with a public hearing held on March 12, 2018. Comments received will be added to the Plan.

6. Summary of comments or views not accepted and the reasons for not accepting them

Comments received during the public comment period will be included in the appendices of the Plan, Appendix A.

7. Summary

Genesee County's 2018 Action Plan contains an assessment of data, surveys and consultations collected from various sources, which were used to determine the priorities and goals for the CDBG, ESG and HOME Programs. By conducting a thorough outreach plan, GCMPC is confident that the priorities and goals identified in this Plan will lead to much needed assistance to, and improvements for, low- and moderate-income individuals and areas, and homeless and special needs persons and families.

Narrative (optional)

Genesee County is governed by a publicly elected, nine-member Board of Commissioners, each representing geographic Districts. Genesee County Metropolitan Planning Commission (GCMPC), through its Community Development Program, is authorized by the Board of Commissioners to act as the lead agency for the development and implementation of the 2018 Action Plan. GCMPC is an eleven-member Board appointed to three-year terms by the Genesee County Board of Commissioners. Genesee County Community Development staff is solely responsible for administering the Community Development Block Grant (CDBG) Program, HOME Investment Partnerships Program (HOME), and Emergency Solutions Grant (ESG) funds for Genesee County, outside of the City of Flint municipal boundaries.

GCMPC has many roles in community planning and development and administers several separate federal, state, and local level programs. GCMPC is responsible for providing planning staff to the federally recognized Metropolitan Alliance as the Metropolitan Planning Organization (MPO) for the Federal Highway and Transit Administration Programs (respectively, FHWA and FTA) that impact Genesee County. GCMPC also provides staff for the Genesee, Lapeer, and Shiawassee Region V Planning and Development Commission (GLS Region V) as the regional planning agency primarily responsible for transportation planning. Additionally, GCMPC houses the Genesee County Solid Waste Program and administers the Genesee County Solid Waste Management Plan, including the promotion of recycling. Through a formal agreement with the State of

Michigan, GCMPC is a designated repository of U.S. Census data, responsible for compiling, holding, mapping, and distributing U.S. Census Bureau information and data.

GCMPC staff maintains memberships in multiple community organizations including: the United Way; the Flint/Genesee County Continuum of Care; the Regional Trails Committee; the Flint River Watershed Coalition; Michigan Community Development Association; Michigan Recycling Coalition; the GLS Region V Planning and Development Commission; the I-69 Thumb Region; Community Housing Resource Board; and many other diverse groups.

AP-10 Consultation – 91.100, 91.200(b), 91.215(I)

1. Introduction

The Genesee County Metropolitan Planning Commission (GCMPC) is responsible for developing Genesee County's Consolidated Plan and Annual Action Plans. GCMPC works with numerous partners on a regular basis and during the Consolidated Planning process, these partners were asked to provide input on the needs in the community, especially as those needs relate to low- and moderate-income households, special needs populations, and the homeless population. Staff contacted these agencies for the 2018 Action Plan to see if they had suggestions or changes to their input from the previous year for the Consolidated Plan, or if there was any additional information they felt should be added.

The Valley Area Agency on Aging, Genesee County Office of Senior Services, and Habitat for Humanity previously reported that the need for Affordable Housing and Affordable Assisted Living for Seniors far exceed availability and reiterated this sentiment for the 2018 Annual Action Plan. The Valley Area Agency on Aging also reported a gap in resources to accommodate seniors with delivered nutritious meals. Low-income, home-bound seniors require affordable nutritious meals but do not have easy access to them at this time.

Staff consulted with organizations focused on housing needs, homeless needs, and special needs populations to gain input from agencies who work with persons and families within these categories. During the process of the annual application for CDBG funds, local units of government hold a public needs hearing before determining their projects. GCMPC staff also created surveys during the Consolidated Planning process to gain input from local officials and residents to determine the needs in different communities throughout Genesee County.

Staff made a conscious effort to receive feedback from low- and moderate-income households during the creation of the Consolidated Plan by sending the survey to participants in GCMPC's Home Improvement Program, Genesee Intermediate School District's (GISD) Head Start Program and partnering with the Mass Transportation Authority (MTA) to make the surveys available in Your Ride vehicles. Staff handed out surveys at the Genesee County Fair and sent the survey to the Public Participation List, which contains over 500 email addresses. Input from these surveys were utilized to develop desirable outcomes, strategies, and to prioritize activities for inclusion in the Consolidated Plan. The 2018 Action Plan is the fourth year of the Consolidated Plan; however, the needs and goals of the communities have not changed significantly since the mass efforts to gain public input were undertaken. For the 2018 Action Plan, GCMPC staff again requested input from community partners and consulted with several partner agencies in order to determine if any significant changes needed to be made. GCMPC also requested input at the County needs hearing in December 2017.

Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

Genesee County is represented on the Genesee County Commission on Aging. The non-profit organization is made up of agencies with a wide range of interests within the County, with representatives from housing providers, service agencies, and health organizations. GCMPC staff consulted with the Genesee County Office of Senior Services for any insights for gaps in services for seniors in Genesee County. The office reported an urgent need for Affordable Housing for low-income seniors.

Genesee County is a member of the Flint/Genesee County Continuum of Care. The Continuum of Care brings together agencies who serve clients along the spectrum of homelessness, including public and assisted housing providers, and private and governmental health, mental health, and service agencies in an effort to coordinate services that most effectively assist their clients.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

GCMPC staff regularly attends the Flint/Genesee County Continuum of Care meetings to remain informed of current needs in the homeless community through the agencies that work directly with that population. A staff member will be sitting on the 10-Year Plan to End Homelessness Committee within the Continuum in PY 2017/2018. The Plan to End Homelessness is comprised of five goals: 1) Increase the quality of data used in local planning, the efficacy and impact of local planning, and the alignment of local planning with collaborative federal and state planning for ending homelessness; 2) Expand supply of, and ensure access to, affordable and safe housing for homeless and/or at-risk individuals, families, children, and youth; 3) Strengthen and expand efforts to prevent homelessness; 4) Increase awareness and utilization of mainstream services and community resources for those who are homeless or at risk of becoming homeless; and 5) Build a political agenda and public will to end homelessness. The Genesee County Board of Commissioners adopted a resolution supporting the 10-Year Plan to End Homelessness. GCMPC would like to further support the Plan by helping to share information with local governments to better influence change in the communities.

Genesee County works closely with The Continuum of Care to address the needs of homeless individuals and families within Genesee County, including those who are chronically homeless, families (with and without children), veterans, and unaccompanied youth.

GCMPC coordinates with Metro Community Development, the Continuum of Care’s lead agency, on multiple projects and consults with them throughout the Emergency Solutions Grant (ESG) application process.

In addition, staff created an updated Community Needs survey to gather input from the public and from private agencies that provide assisted housing, health services, and social services to determine what resources are available that address the needs of persons that are chronically homeless. The survey was taken to the Continuum of Care during the Consolidated Plan process. Agencies were asked to rate the need for facilities and services, as well as how the community can better meet the needs of the homeless population. The results showed that there is a need for higher capacity emergency shelters, more funding for case management services, and improved collaboration between organizations. Feedback provided for the Consolidated Plan was used for the 2018 Action Plan. Staff again consulted with these agencies for the 2018 Action Plan to determine if any significant changes need to be taken into consideration. Although challenges were noted, and gaps exist for certain minority populations, no suggestions for change were noted.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

Staff reviews all Emergency Solutions Grant applications and scores them out of 100 points based on criteria established in the application. Based on the scores, staff determines recommended funding amounts. These recommendations are then taken to the Continuum of Care Review Committee for comment and approval. Once approved by the Review Committee, staff presents the recommended funding amounts and projects to the full Continuum of Care for their approval.

GCMPC coordinated with the Continuum of Care's lead agency on multiple projects and consults with them throughout the Emergency Solutions Grant (ESG) application process. Staff updates the Continuum of Care on the status of current ESG projects throughout the program year.

Genesee County works closely with the Continuum of Care to take a comprehensive look at programs receiving funding from other sources to ensure that ESG funding is utilized to address gaps in services and make the maximum impact possible in the community.

The Continuum of Care's lead agency, Metro Community Development, has approved performance standards and methods for evaluating outcomes already in place. Metro Community Development is also the agency that handles the administration of HMIS for the Continuum of Care, with policies and procedures already established.

2. Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdiction's consultations with housing, social service agencies and other entities

	What section of the Plan was addressed by Consultation?	Non-Homeless Special Needs
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Staff consulted with the Valley Area Agency on Aging (VAAA) to discuss needs in the community and gaps in services for senior citizens. VAAA has been coordinating with other agencies and GCMPC would like to work with those groups to benefit seniors in the County. Through ongoing conversations and input from the various partner agencies GCMPC hopes to better understand the need for services and where gaps may exist. The VAAA stated that the greatest need is the lack of affordable housing for seniors.
3	Agency/Group/Organization	FAMILY SERVICE AGENCY OF MID MICHIGAN
	Agency/Group/Organization Type	Services-Elderly Persons Services-Persons with Disabilities
	What section of the Plan was addressed by Consultation?	Non-Homeless Special Needs

	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Staff consulted with Family Service Agency of Mid-Michigan (FSA) to discuss needs in the community and gaps in services for senior citizens. FSA has been coordinating with other area agencies and GCMPC would like to work with those groups to benefit seniors and disabled adults in the County. Through ongoing conversations and input from the various partner agencies GCMPC hopes to better understand the need for services and where gaps may exist.
4	Agency/Group/Organization	Genesee County Office of Senior Services
	Agency/Group/Organization Type	Services-Elderly Persons

	Agency/Group/Organization Type	Services-homeless
	What section of the Plan was addressed by Consultation?	Homeless Needs - Chronically homeless Homeless Needs - Families with children Homelessness Needs - Veterans Homelessness Needs - Unaccompanied youth Homelessness Strategy

	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Staff asked members of the Continuum of Care to fill out the Homeless Needs Assessment survey to gain input on the needs of the homeless community and gaps in services. GCMPC takes this input into consideration when reviewing ESG applications to determine the best allocation of funding. Through ongoing conversations and input from the various partner agencies GCMPC hopes to better understand the need for services and where gaps may exist.

	What section of the Plan was addressed by Consultation?	Homeless Needs - Chronically homeless Homeless Needs - Families with children Homelessness Needs - Veterans Homelessness Needs - Unaccompanied youth Homelessness Strategy
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	GCMPC consulted with Metro Community Development (MCD) to gather input for the Plan. MCD is the lead agency for the Continuum of Care and staff works closely with them on a number of projects. Metro Community Development receives County ESG funds to administer the HMIS, and HOME funds to administer the TBRA. GCMPC plans to continue working with MCD on a variety of projects.
7	Agency/Group/Organization	Genesee County Habitat for Humanity
	Agency/Group/Organization Type	Services - Housing
	What section of the Plan was addressed by Consultation?	Non-Homeless Special Needs

	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Staff consulted with Habitat for Humanity to discuss needs of the community and gaps in services. Habitat for Humanity has received HOME funding from GCMPC in the past and staff plans to work with them to improve housing options in Genesee County. Through ongoing conversations and input from the various partner agencies GCMPC hopes to better understand the need for services and where gaps may exist.
8	Agency/Group/Organization	Legal Services of Eastern Michigan
	Agency/Group/Organization Type	Services - Housing
	What section of the Plan was addressed by Consultation?	Housing Need Assessment Market Analysis
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Staff consulted with Legal Services of Eastern Michigan (LSEM) on the Barriers to Affordable Housing sections. The County continues to award CDBG funds to the Fair Housing Center. GCMPC will work with LSEM to improve access to housing in Genesee County. Through ongoing conversations and input GCMPC hopes to better understand the need for services and where gaps may exist.
9	Agency/Group/Organization	Wellness Services
	Agency/Group/Organization Type	Services-Persons with HIV/AIDS
	What section of the Plan was addressed by Consultation?	Non-Homeless Special Needs
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Staff consulted with Wellness Services to discuss the needs of the HIV/AIDS community and their families, and to identify gaps in services. GCMPC is open to working with HIV/AIDS organizations to improve the quality and number of services available. Through ongoing conversations and input from the various partner agencies GCMPC hopes to better understand the need for services and where gaps may exist.

Other local/regional/state/federal planning efforts considered when preparing the Plan

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
Continuum of Care	Continuum of Care	The Continuum of Care's 10-Year Plan to End Homelessness is working towards the same goal as GCMPC is with the use of Emergency Solutions Grant (ESG) funds: to prevent homelessness. The Plan is comprised of five goals to end homelessness: 1) Increase the quality of data used in local planning, the efficacy of local planning, the impact of local planning, and the alignment of local planning with collaborative federal and state planning for ending homelessness among individuals, families, children, and youth; 2) Expand supply of, and ensure access to, affordable and safe housing for homeless and/or at-risk individuals, families, children, and youth; 3) Strengthen and expand efforts to prevent homelessness among individuals, families, children, and youth; 4) Increase awareness and utilization of services and community resources for those who are homeless or at risk of becoming homeless; 5) Build a political agenda and public will to end homelessness for individuals, families, children, and youth. Ending homelessness is a priority for the County through the use of ESG funds.
Long Range Transportation Plan (LRTP)	GCMPC	The Genesee County LRTP seeks to improve infrastructure and make non-motorized improvements. One of the goals identified in the Consolidated Plan is infrastructure improvements.
Genesee County Parks Plan	Genesee County Parks and Recreation Commission	The Genesee County Parks Plan identifies improvements that can be made and where there are deficiencies. CDBG funds can be utilized to make park improvements.
Genesee County Hazard Mitigation Plan Update	Office of the Genesee County Sheriff, Emergency Management Manager	The goal of Hazard Mitigation is to prevent or lessen the impact that hazards have on the community. Both the Genesee County Hazard Mitigation Plan Update and the Consolidated Plan place an importance on flood/drainage improvements and water/sewer improvements; quality infrastructure is critical for safe and thriving communities.

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
Accelerate: A Plan for Regional Prosperity	GLS Region V Planning and Development Commission	The Quality of Life goal encourages the improvement of the physical image of the region, something CDBG funds through street, sidewalk, park, public facility, and other physical improvements. The Economic Development goal objectives are to enhance the support network for start-up businesses and establish and improve upon workforce training programs; both are items that were identified in the community needs survey as important. The Infrastructure goal objectives are to prepare a long-term capital improvement plan for infrastructure and enhance access to healthcare and wellness programs; items important to the community and funded with HUD funds.
I-69 Thumb Region Asset Mapping of Work-Based Prog	GLS Region V Planning and Development Commission	Asset mapping was done to gain understanding of what education and workforce programs currently exist within the Region and then determine the effectiveness of the programs, acknowledge opportunities for replication and/or expansion, assess any obstacles and/or gaps and develop a strategy to integrate employer participation to resolve workforce issues. Completed April 2016. Recommendations: create a regional business advisory council; replicate successful programs regionally; regional training partnerships.
Fiber Optics: Vision for the I-69 Thumb Region	GLS Region V Planning and Development Commission	Outlines broadband download speeds throughout the Region and shows where gaps exist. The Region has a broad-reaching fiber optic network in place, providing a great opportunity to make additional fiber to the premise connections in the future and market the fiber optic networks that exist to attract businesses and residents to the region. Completed April 2015. Brochures were created and are available. Each County is in different stages of working with the Connect Michigan Community Engagement Program; those that have completed Fiber Optics plans are implementing them.
Talent Tours	GLS Region V Planning and Development Commission	Providing grants for the cost of transportation for talent tours was successful in educating youth about careers in manufacturing, agriculture and other industries and in helping to connect the business community with K-12 schools, ISDs and workforce development agencies. More than 1,700 students and 45 businesses have participated.

Narrative (optional)

During the Consolidated Planning process, staff consulted with the agencies above for input regarding needs in the community. GCMPC contacted the agencies for the 2018 Action Plan to offer them the opportunity to provide additional insight on any needs in the community that may have changed over the last year. Three agencies, the Shelter of Flint, Metro Community Development, and My Brother’s Keeper feel that gaps exist for certain minority populations, such as the deaf, the LGBTQ community, and single homeless men with children. Additionally, Metro Community Development has stated that a growing senior population, literacy issues, LGBTQ youth, economic development concerns, persons unemployed with substance habits, mental health concerns, bed bug epidemic, reduced funding, political unrest and returning citizens, coupled with the lack of affordable housing, are serious barriers that create gaps and challenge successful housing programs. The Family Service agency also stated that a tremendous need exists for safe and affordable housing for seniors.

1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting

In conjunction with consultation efforts during the Consolidated Planning process and the County’s policies for public participation, the Genesee County Metropolitan Planning Commission (GCMPC) created three surveys to assess the needs of the community and prompt participation from the public.

Public Needs Survey

GCMPC staff created a public needs survey to gain input from Genesee County residents. This survey was sent via email to GCMPC’s public participation list which contains over 500 email addresses. Staff made a conscious effort to receive feedback from low- and moderate-income households by mailing or hand delivering the survey (hard copy) to participants in GCMPC’s Home Improvement Program, Genesee Intermediate School District’s (GISD) Head Start Program, and through collaboration with the Mass Transportation Authority (MTA). Staff also made surveys available at the Genesee County Fair. Staff received 192 survey responses.

Local Government Survey

Staff created a survey designed to gain input from local officials. Local units of government conducted a public hearing at which they discussed the needs of their community and potential project ideas to address those needs. Sixteen local units of government responded to this survey.

The information from these surveys has been incorporated into this report through the identification of priorities and goals for the duration of the current Consolidated Plan.

Community Needs Survey

Staff updated and distributed the Community Needs survey in 2017 to garner updated community input from Genesee County residents, agencies that provide services to populations of need, as well as local governmental units. The survey focused on housing, infrastructure, community improvement, public service, homeless service, and economic development needs, with several other questions designed to probe perspectives on what priorities residents and participants place on various neighborhood amenities.

Metro Community Development believes gaps exist for certain vulnerable populations. The growing senior population, literacy issues, LGBT youth, economic developmental concerns, person's unemployment with substance abuse habits, mental health concerns, the bed bug epidemic, reduced funding, political unrest, and returning citizens with the lack of affordable housing are serious barriers that create gaps and challenge successful housing programs. The Shelter of Flint noted that certain minority groups such as seniors, LGBTQ, and the deaf community face gaps in services. They also mentioned that the community lacks adequate housing stock that is safe and affordable. Also lacking are local grocery stores and access to healthy food. The Valley Area Agency on Aging mentioned that the agency has formed a board to investigate whether the agency should start a program for housing development as there is a lack of affordable housing, especially for persons over the age of 60. They also stated that more Section 8

				<p>vouchers are needed as well as additional funding for home rehab. for seniors. The Family Service Agency strongly suggested that agencies need to be cognizant of the aging tsunami that is approaching. My Brother's Keeper identified that single men with custody of their children do not have access to shelter space. Affordable housing for seniors ranked as the greatest need in the community. Safe affordable housing is difficult to acquire for victims of domestic violence. Street improvements was ranked as a high priority by local units and residents. Greater food access, job creation/retention, crime prevention, employment, code enforcement, building demolition, and commercial building improvements all ranked high on the list of needs. The Valley Area Agency on Aging (VAAA), Genesee County Office of Senior Services, and Habitat for Humanity all reported that the need for Affordable Housing and Affordable Assisted Living for seniors far exceeds the availability in Genesee County. All three agencies cited</p>

Expected Resources

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

Genesee County anticipates resources primarily from Community Development Block Grant (CDBG), HOME Investment Partnerships Program (HOME), and Emergency Solutions Grant (ESG) funds. These federal funds will leverage dollars and other resources from various sources.

Anticipated Resources

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 1				Expected Amount Available Remainder of ConPlan \$	Narrative Description
			Annual Allocation: \$	Program Income: \$	Prior Year Resources: \$	Total: \$		
CDBG	public - federal	Acquisition Admin and Planning Economic Development Housing Public Improvements Public Services	1,687,746	50,000	0	1,737,746	1,807,127	CDBG funds often leverage local dollars.

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 1				Expected Amount Available Remainder of ConPlan \$	Narrative Description
			Annual Allocation: \$	Program Income: \$	Prior Year Resources: \$	Total: \$		
HOME	public - federal	Acquisition Homebuyer assistance Homeowner rehab Multifamily rental new construction Multifamily rental rehab New construction for ownership TBRA	651,518	65,000	0	716,518	716,518	HOME funds may leverage funds from several other sources.
ESG	public - federal	Conversion and rehab for transitional housing Financial Assistance Overnight shelter Rapid re-housing (rental assistance) Rental Assistance Services Transitional housing	154,500	0	0	154,500	143,300	A 100% match is required for ESG funds, often fulfilled through non-cash contributions.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

Community Development Block Grant (CDBG) funds will leverage dollars from participating local units of government on infrastructure and public facility projects. CDBG funds used to assist seniors (public services or facility improvement) are often used in concert with Genesee County Senior Services millage funds.

HOME Investment Partnerships (HOME) funds may leverage dollars from other federal programs, such as the Self-Help Homeownership Opportunities Program (SHOP) which awards funds for specific projects relating to homeownership for low-income households. Other resources may be leveraged such as volunteer time, staff time, Neighborhood Stabilization Program (NSP) funds and individual donors or churches.

HOME funds require a 25% match. Beginning in 2005, GCMPC adopted a policy of providing the local match required for HOME assisted activities from the cumulative surplus match that was generated through Payment in-Lieu of Taxes (PILOT) from local units of government, and from donations from participating financial lending institutions prior to 2005. GCMPC continues to utilize the surplus amount of funds as match on HOME funded projects.

Emergency Solutions Grant (ESG) funds require a 100% match. In many cases, the match will be in the form of non-cash contributions such as office space, office utilities, and volunteer time or staff salaries. Cash contributions may come from various sources such as local foundations, the United Way, the Salvation Army, or individual donors or churches.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The Genesee County Metropolitan Planning Commission (GCMPC) has a good working relationship with the Genesee County Land Bank Authority (Land Bank). The Land Bank has an abundance of vacant single-family properties and vacant land that is likely available to potential HOME assisted developers at a reduced cost. Land Bank owned properties where Genesee County NSP funds were used to demolish a blighted structure are also available for affordable housing projects.

Discussion

Genesee County's Community Development Program relies primarily on federal funds to implement its Action Plans. The federal funds are leveraged to increase the investment in Genesee County's participating jurisdictions.

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

Genesee County’s policy regarding geographic distribution for CDBG funds states that all participating local units of government receive an allocation of funding once every three years for non-public service projects. Communities that decide to utilize a portion of their allocation for public services will receive an equal amount each year of the three-year cycle. The allocation amounts for local units of government are determined by a formula which considers population, poverty, and overcrowded housing, so those communities with a larger low-income population will receive more funding.

Program Year 2018 will allocate funds to: Atlas Township, City of Montrose, City of Mount Morris, Davison Township, Forest Township, Genesee Charter Township, Montrose Charter Township, Thetford Township, Vienna Charter Township, and the Village of Goodrich for non-public service projects.

HOME funds are not typically directed to a specific geographic area but utilized to assist residents throughout the County that are in need of housing rehabilitation or that would like to become homeowners. Residents are qualified based on their household income as well as the application process.

Geographic Distribution

Target Area	Percentage of Funds

Table 7 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

Genesee County is a large area with thirty-three municipalities, each with its own set of characteristics and needs. The local units receive CDBG allocations from the County, but decisions for spending are determined at the local level because local officials and residents know the needs of their communities. The Genesee County Home Improvement Program is available to qualifying residents throughout the County, as long as they live in a participating local unit of government.

HOME funds are used to rehabilitate low-and moderate-income owner-occupied housing units throughout the County. Assistance of this type is not restricted to certain geographic areas; it is based on household income. The location of HOME funds utilized to create new housing opportunities is based on the application details of the Community Housing Development Organization (CHDO) that is awarded

funding.

Discussion

Genesee County has taken the stance that each local unit of government knows their community best and therefore is better suited to make decisions regarding high priority projects and needs in their area. The local units of government are required to hold a public needs hearing, where the public is able to comment on project ideas, give feedback and suggestions, and voice their opinions on previous projects. GCMPC staff is available to assist and provide guidance on potential projects and project areas.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

Affordable housing is a high priority need in Genesee County, specifically for special needs and extremely low-and low-income households. There is a large gap between the number of rental units that are affordable to extremely low-and low-income households and the number of those households in need of housing. Affordable housing that is also accessible is similarly a high priority need for persons with physical disabilities and the large aging population in Genesee County.

Discussion

Genesee County primarily provides affordable housing through its HOME Program. Community Development Housing Organizations (CHDO) use HOME funds to rehabilitate or construct housing that meets the needs of the special needs and low-income populations in Genesee County.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

Genesee County, the Continuum of Care, and other partner agencies aim to reduce and ultimately end homelessness through supportive services and thorough outreach efforts.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

By coordinating efforts between and among the agencies whose mission it is to end homelessness, and providing an accurate count of those in need, the goal of ending homelessness in Genesee County is within reach. It is the goal of this organization to ensure enough housing, permanent and temporary, is available to keep every head in Genesee County sheltered throughout the year. There are a number of programs offered by Genesee County's homeless shelters geared toward placing our most vulnerable populations in permanent housing, and it is the goal of the GCMPC to increase the capacity of these programs through the various HUD funding sources.

The Emergency Solutions Grant funds that Genesee County receives are partially used to fund case management services, allowing homeless persons to have their individual needs assessed to ensure they are receiving the necessary resources. Agencies within the Continuum of Care have a street outreach component that involves working with unsheltered homeless persons to determine and help meet their needs.

Addressing the emergency shelter and transitional housing needs of homeless persons

Emergency shelter and transitional housing programs in Genesee County that are endorsed by the Continuum of Care have skilled case managers who do individual assessments and housing case plans with each client. The case managers then work with the clients to achieve the goals set forth.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

There are several programs tailored to the needs of helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and

unaccompanied youth) make the transition to permanent housing and independent living. Metro Community Development has a leasing assistance program for chronically homeless individuals and families. My Brother's Keeper and Transitional Treatment Innovation (TTI) both facilitate homeless programs for veterans and their families. Genesee County Youth Corporation and One Stop Genesee's ReMix program both address the needs of unaccompanied youth in Genesee County.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

To prevent homelessness, specifically for individuals being discharged from publicly funded institutions and systems of care, Genesee County agencies utilize both mainstream resources, such as DHS, and agency resources, such as One-Stop, Salvation Army, Catholic Charities, and GCCARD, for prevention assistance dollars. These services include assistance for security deposits, first month's rent, utility deposits, utility arrearages, and rent arrearages.

Genesee County HOME dollars are also used for Tenant Based Rental Assistance for individuals being discharged from shelters.

Discussion

Emergency Solutions Grant funding helps GCMPC support the Continuum of Care in assisting individuals and families dealing with homelessness or who are at risk of becoming homeless.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

GCMPC will continue to administer programs that help low-and moderate-income individuals and families afford homes, through tenant based rental assistance (TBRA), low-income housing activities, or rehabilitation and new construction of affordable homes.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

GCMPC will continue to educate local jurisdictions on the advantages of planning to include affordable housing. Census data will be provided to demonstrate the need for local units of government to incorporate public policies that allow for affordable housing in local land use controls, tax policies, zoning ordinances, building codes, fees and charges, growth limitations, etc. GCMPC, through the availability of information, will encourage the citizens to get involved in changing policies in their communities. Since the County has no legal authority over the policies created at the local level, staff is willing to work with the communities to change policies to remove the negative effects caused by policies currently in place.

Discussion:

During the Consolidated Planning process, GCMPC staff surveyed housing conditions throughout the County. Staff organized and analyzed the results, then passed along individualized data to each of the local units of government to use in project planning.

AP-85 Other Actions – 91.220(k)

Introduction:

GCMPC is committed to serving the housing and community development needs of the low-and moderate-income, homeless and non-homeless special needs populations in Genesee County. To best address the needs of these populations, GCMPC must continue to develop the existing relationships with local service agencies and foster new relationships.

Actions planned to address obstacles to meeting underserved needs

GCMPC staff must engage agencies, citizens, and local governments to help identify the areas and individuals that are underserved in Genesee County. It will be important to work with agencies that currently provide, or may be able to provide, services to the populations that are underserved and to determine how HUD funding and GCMPC can become involved to assist with meeting those needs.

Actions planned to foster and maintain affordable housing

Affordable housing options are expanded each year utilizing Genesee County HOME funds to rehabilitate, construct, or provide down payment assistance to eligible households.

The Home Improvement Program (HIP) provides necessary repairs to owner-occupied housing units, which allows homeowners to stay in their homes without increasing monthly housing costs.

Actions planned to reduce lead-based paint hazards

GCMPC incorporates lead-based paint hazard requirements into the Home Improvement Program. A lead-based paint risk assessment is conducted prior to rehabilitation specifications being written, allowing rehab inspectors to include lead-based paint interim controls or abatement into the scope of work for each rehab property. Upon entry into the program, residents receive a lead information booklet, as well as an explanation of the important points from the booklet. In addition, staff reviews both of the lead informational documents with the residents to make sure they fully understand.

Actions planned to reduce the number of poverty-level families

There are many programs in Genesee County aimed at assisting poverty-level families. Section 3 is a HUD requirement which sets goals for hiring and training low-income workers on HUD funded projects, specifically construction projects over \$100,000. Genesee County encourages solicitation of, and provides a preference for, contractors certified as Section 3 on all HUD funded projects.

Public service funds through CDBG provide assistance to senior centers, some of which have utilized the

funds to help stock a food pantry for those in need.

GCMPC administers the Rideshare program, which is a carpool or vanpool matching service that assists individuals and groups with their daily commute into or within Genesee and Lapeer Counties. This service can dramatically reduce the travel costs of a poverty-level family that has work but may have a difficult time funding the travel required to get to and from work. GCMPC can specifically target some of their outreach for the Rideshare program to agencies that serve poverty-level families. Through the consultations during the Consolidated Planning process, staff was able to see just how great of a need there is in the County for this type of service. Staff has encouraged agencies to work together with the MTA to reduce the burden of transportation barriers on poverty-level families. GCMPC continues to promote the Rideshare program and work with citizens and other agencies to strengthen the program whenever possible.

The HOME funded Tenant Based Rental Assistance (TBRA) program helps families in need with rental assistance for up to two years. This type of assistance can have a great impact on a poverty-level family to find housing stability.

There are several other programs and services not administered by GCMPC that are in place to assist poverty-level families such as food distribution programs, health care, shelter services, transportation, early learning, and intervention services provided County-wide.

Actions planned to develop institutional structure

GCMPC has processes and policies in place to guide the structure of program, project, and activity delivery systems. These formal and informal agreements with County Departments, local governments, local service agencies, contractors, lending institutions, and others allow GCMPC to run HUD programs effectively and efficiently.

GCMPC strives to find ways to improve the delivery systems to provide better services to those engaged in our programs. There are always ways to improve and GCMPC continues to look for ways to make application submission procedures, program requirements, and monitoring processes as simple as possible for our developers, sub recipients, contractors, and others that help us reach the goals identified in this Plan.

Actions planned to enhance coordination between public and private housing and social service agencies

GCMPC participates in several County-wide events throughout the year that provide information to residents, but also provide an opportunity for agencies to engage each other. These conversations are important as they help agencies to determine where services can be coordinated, where the gaps may

be, and how funds can be combined to have a larger impact.

GCMPC is also a member of the Flint/Genesee County Continuum of Care, which brings housing and social service agencies together on a regular basis to determine ways to meet the needs of homeless and at-risk populations.

GCMPC staff will look for other opportunities to engage and help to coordinate public and private housing and social service agencies.

Discussion:

GCMPC is continuously looking for ways to improve the programs and services it provides. The actions above will be important for continuing to move the Community Development Program toward administering programs that best meet the needs of the community.

Program Specific Requirements

AP-90 Program Specific Requirements – 91.220(I)(1,2,4)

Introduction:

GCMPC has policies and procedures for each HUD funded program for which it receives funding. The policies and procedures incorporate the HUD requirements for each program, but also include internal processes which act as a guide for staff.

HOME Investment Partnership Program (HOME) Reference 24 CFR 91.220(I)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

No other forms of investment will be used beyond those identified in Section 92.205 (equity investments, interest-bearing loans or advances, non-interest-bearing loans or advances, interest subsidies, deferred payment loans or grants; guarantee loans made by lenders).

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

To ensure affordability, Federal HOME regulations allow the option to Genesee County of imposing either resale or recapture requirements on HOME funds expended. Genesee County will continue to utilize only the recapture provisions based on the nature of activities assisted with HOME funds, utilizing the recapture guidelines in accordance with HOME regulations found under §92.254 (5)(ii)(A)(1-7) where applicable to the following activities: Down Payment Assistance (DPA); New Single Family Construction; Single Family Rehabilitation; Owner Occupied Single Family Rehabilitation (HOME HIP Program); New Rental Housing (both multi-family and single family rental housing) Construction; and Rehabilitation of Rental Housing (both multi-family and single family rental housing). As Resale provisions are not utilized by Genesee County, the County will follow the recapture requirements by utilizing the following options acceptable to HUD on a project by project basis:

- If the family or organization defaults on any portion of the contract, the County can recapture the entire amount of the HOME investment.
- If the affordability period of the loan is met and no other portion of the contract is in default, the reduction during the affordability period of the HOME investment to be recaptured is utilized in accordance with the loan promissory note.
- If ownership of a property is transferred to anyone other than an eligible low-income resident

throughout the period of affordability, the reduction during the affordability period of the HOME investment to be recaptured is utilized in accordance with the loan promissory note.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

In order to qualify as affordable housing activities, Genesee County HOME funds are subject to a regulated Period of Affordability, depending on the type and dollar amount of assistance. The per unit amount of HOME funds invested, and the respective affordability period they trigger are:

Less than \$15,000	5 years
\$15,000 to \$40,000	10 years
Over \$40,000	15 years
New Construction	20 years

Owner Occupied Single Family Housing Rehab (Home Improvement Program)

This program targets senior citizen homeowners, 62 and older, who are low-income. Up to \$18,000 per property in HOME funds are provided through Deferred Payment Loans that are secured by a Lien recorded on each property. One half of the HOME investment per property is immediately forgiven and the remainder is forgiven at the end of a five or ten-year period of affordability, based upon the total amount of funds invested. Should the homeowner no longer maintain the property as their principal residence, GCMPC will immediately require repayment of the HOME loan to the HOME Investment Trust Fund. The amount of the HOME investment to be recaptured is prorated for the time the homeowner has owned and occupied the home, measured against the required affordability period, in accordance with §92.254 (5)(ii)(A)(2).

Down Payment Assistance (DPA)

- 1) Deferred Payment Loans are secured by a lien recorded on each HOME assisted property. GCMPC requires that during the period of affordability, homebuyers maintain HOME assisted properties as their principal place of residence. In situations where the homebuyer voluntarily sells the home, the County will immediately recapture the entire amount of the loan as a condition for release of the property. Fair market return to the homebuyer will be calculated based on net proceeds that acknowledge capital improvements invested by the homebuyer, as well as any mortgage senior to the HOME loan. The remaining net proceeds are recaptured to the local HOME Investment Trust Fund.
- 2) In the event of a sale or a foreclosure of a HOME DPA property, the County will institute net proceeds procedures to recover its DPA investment. If net proceeds are insufficient to recapture the full HOME investment, GCMPC will share the net proceeds. In circumstances where the net proceeds are less than the County's contributions to the buyer for the purchase of the property, the County shall receive the net proceeds that are available, in order to meet the requirements

of 24 CFR 92.254 (a)(5)(ii).

New Construction of Single Family Housing/Rehab of non-homeowner occupied Single Family Housing/New Construction/Rehabilitation of Rental Housing whether developed by a non-profit, a CHDO, or a for-profit entity, the HOME investment is recaptured to the local HOME Investment Trust Fund, according to the terms of each written agreement. These investments are offered in the form of a very minimal interest Deferred Payment Loan, payable to the County when the units have been constructed, rehabilitated or rented. A Lien and Promissory Note secure these Deferred Payment Loans.

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

No debt will be refinanced using HOME funds.

**Emergency Solutions Grant (ESG)
Reference 91.220(l)(4)**

1. Include written standards for providing ESG assistance (may include as attachment)

Included as an attachment.

2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.

The Continuum of Care (CoC) currently uses the Self-Sufficiency tool in the Homeless Management Information System (HMIS) for HUD Supportive Housing Programs (SHP). However, the Continuum of Care is in the process of transitioning to the SPDAT model. Emergency Solutions Grant programs have been using the SPDAT since October 1, 2014. SPDAT is the Service Prioritization Decision Assessment Tool. It is the tool used in Genesee County to determine program eligibility and prioritization. The tool uses a scoring system and considers a variety of circumstances such as the length of homelessness, mental health status, physical disabilities, veteran status, etc.

3. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).

GCMPC staff sends out a yearly ESG application to the members of the Continuum of Care. At the meeting, staff reviews the application, the timeline, and any questions attendees may have regarding the process. Staff reviews and scores applications based on the criteria outlined in the application and discussed at the mandatory meeting. Staff then determines recommended funding allocations for each agency and takes recommendations to the Continuum of Care Review Committee. After the Review Committee has approved the funding allocations, staff takes

recommendations to the full Continuum of Care and through the County's Board approval process.

Any private nonprofit organization including community and faith-based organizations is able to apply for ESG funds, as long as they are a participating member in the Continuum of Care.

4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.

Genesee County meets the requirement. The Continuum of Care (CoC) has formerly homeless individuals at all levels of the decision-making process including on the CoC body and the CoC Executive Committee. In addition, the CoC encourages people who are currently experiencing homelessness or have experienced homelessness in the past to participate on the CoC committee and/or sub-committees. People who are currently experiencing homelessness have the ability to vote on CoC issues without meeting any voting requirements other than being present at the meeting in which the issue was brought to a vote.

5. Describe performance standards for evaluating ESG.

The process for evaluating ESG activities will involve a review of an array of data including: 1) agency budgets, 2) staff reports on prior year activity, 3) number of clients assisted by the agency, 4) review of exit data (housing and steps towards self-sufficiency), and 5) review of third party audits.

Lawsuit claims religion was the reason

Hospital pulls job offer after woman won't get flu shot

Dominic Adams
dadams5@mlive.com

A woman who was offered a job at an Owosso hospital in 2016 refused to get a flu shot as required by the hospital because she said it was against her religion. The job offer was withdrawn. Now, she is suing the hospital. MLive.com files

A woman is suing a hospital in Owosso over claims she wasn't allowed to work there because her religion required her to refuse a flu shot.

A lawsuit filed Feb. 13 in Detroit U.S. District Court by the Equal Employment Opportunity Commission on behalf of Yvonne Bair claims Memorial Healthcare violated Bair's civil rights by failing to accommodate her because she is a follower of Jesus Christ.

However, the hospital defends its decision, saying it followed proper protocol.

"In this case, Memorial Healthcare's position is that the applicant refused to follow policies intended to protect and safeguard patient and staff health and safety," Memorial officials said in a statement. "Our policies regarding flu vaccinations follow the Centers for Disease Control recommendations and direction as well as the recommendations from the American Hospital Association and our own medical staff."

"Memorial Healthcare has no intent to violate any current and/or prospective employee rights. However, as stated above, our highest priority is patient and staff health and safety."

Bair was offered employment as a medical transcriptionist at Memorial Healthcare in Owosso in March 2016, according to the lawsuit. The job would require Bair to work from home, but she was set to begin two months of training for the position at the hospital.

During Bair's medical exam March 21, the lawsuit claims she learned of a mandatory flu vaccination that

was required for those working at the hospital between Dec. 1 and April 1.

Bair told the hospital her religious beliefs prevented her from getting the shot, because they bar the injection or ingestion of foreign substances and require her to rely on natural methods to maintain her health.

Alternatively, she offered to wear a mask during flu season.

She also submitted an affidavit explaining her religious beliefs to Memorial's human resources department, the lawsuit claims. The lawsuit claims Bair is a follower of Jesus Christ, but it did not provide any other specifics regarding her beliefs.

The lawsuit alleges hospital officials told Bair a mask was unacceptable despite hospital policy authorizing masks for those unable to get flu shots for medical reasons. Memorial later told Bair they would look into accommodations and pushed her start date back almost a month, the lawsuit claims.

A week later, the hospital's human resource department said it would offer her a nasal spray immunization as an accommodation. However, Bair again said that was unacceptable and renewed her offer to wear a mask.

Memorial withdrew the job offer later that day, the lawsuit said.

"Memorial Healthcare's position is that the applicant refused to follow policies intended to protect and safeguard patient and staff health and safety."

Memorial Healthcare's legal response to lawsuit filed by prospective employee

pain, suffering, inconvenience, mental anguish, loss of enjoyment of life and for punitive damages for Memorial's malicious or reckless conduct.

Bair's attorney from the commission declined to comment, citing the pending litigation.

The EEOC, a federal government agency, enforces laws barring discrimination against a job applicant or employee because of their race, religion, sex, national origin, age or disability.

The commission investigates allegations of discrimination and can file a lawsuit to protect an individual's rights, according to the EEOC's website.

RxArt, a nonprofit organization that produces contemporary art installations in pediatric hospitals and health care facilities, has announced a project with artist William Wegman at Hurley Medical Center.

The project includes an installation of 22 images showcasing Wegman's work with his Weimaraner dogs. The photographs at Hurley will span five generations.

Installed along a major corridor and waiting room of the burn unit at Hurley, these images aim to offer companionship to visitors, patients, staff and clinicians at the hospital. Puppies will follow them down the hallway, and others perched on cubes will wait patiently by their side for the elevator. Adult dogs atop chairs will keep families company in the waiting room.

Wegman also has put together a selection of videos created over the past 50 years with the dogs to accompany the installation.

"Hurley Medical Center is honored to have been selected by RxArt and Bill Wegman for this thoughtful and creative project. The combination of Bill's talent and his signature Weimaraners will be just the right medicine for our kids and their families who are anxious to return to a sense of normalcy. Despite the best medicine that Hurley can render, there's no substitute for the humor, imagination and joy that this will bring," said Mike Burnett, vice president of service line development and chief strategy officer at Hurley Medical Center.

30-DAY PUBLIC COMMENT PERIOD**

The 30-day public comment period for the Genesee County 2018 Action Plan will be held **February 26, 2018 – March 27, 2018**. During this time, copies of the Genesee County Action Plan will be made available for review at the following locations:

- Genesee County Metropolitan Planning Commission, Room 223, 1101 Beach Street, Flint
- GCMPC.org
- Main Flint Public Library, 1026 E. Kearsley Street, Flint
- All local municipal offices

The 2018 Action Plan contains information on Community Development Block Grant (CDBG) activities, HOME Investment Partnerships Program (HOME) activities, and Emergency Solutions Grant (ESG) activities for May 1, 2018 to April 30, 2019. All proposed activities are also available for review at the above mentioned locations. Please note that at this time all activity funding amounts are estimates* and will be adjusted to match actual allocation amounts to be received from the U.S. Department of Housing and Urban Development (HUD).

COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG)

The Housing and Community Development Act of 1974, as amended, entitles Genesee County, as an urban county, to plan and carry out a Community Development Program throughout Genesee County, outside the City of Flint. The primary objectives of the Genesee County Community Development Program are to:

1. Develop and maintain viable urban communities;
2. Provide decent housing; and
3. Provide a suitable living environment for the residents of Genesee County, principally for persons of low and moderate income.

Pursuant to these objectives, Genesee County, in cooperation with participating local units of government, proposes to utilize *\$1,687,746 in CDBG Entitlement funds for the 2018 Program Year.

HOME INVESTMENT PARTNERSHIPS PROGRAM (HOME)

The HOME Investment Partnerships Program encourages states and local Participating Jurisdictions (PJ), in collaboration with private organizations, to undertake activities and adopt policies aimed at expanding the supply of affordable housing and increasing the number of families who can be served with affordable housing. Pursuant to these objectives, Genesee County proposes to utilize *\$651,518 in HOME funds.

EMERGENCY SOLUTIONS GRANT (ESG)

The ESG Program funding assists people in regaining stability in permanent housing after experiencing homelessness, or for homeless prevention activities. Genesee County proposes to utilize *\$154,500 in ESG funding.

Pursuant to provisions of the Housing and Community Development Act of 1974, as amended; the McKinney Act of 1987, and the National Affordable Housing Act (NAHA) of 1990, the Genesee County Board of Commissioners is publishing its 2018 Action Plan prior to Genesee County's 2018 Community Development Block Grant entitlement Program Year. A public comment hearing will be held on **March 12, 2018 at 9:45 a.m.** in the Harris Auditorium, Genesee County Administration Building, 1101 Beach Street, Flint, Michigan at the Community and Economic Development Committee Meeting.

The public is advised that on or about April 24, 2018, Genesee County will submit to the U.S. Department of Housing and Urban Development an Action Plan. Prior to said submission, public comments are welcomed on the Action Plan and on the past performance of Genesee County in carrying out Community Development Block Grant activities, HOME program activities, and Emergency Solutions Grant activities.

Genesee County Metropolitan Planning Commission will furnish reasonable auxiliary aids and services to individuals with disabilities upon 24 hours notice. Individuals with disabilities requiring auxiliary aids or services should contact the Genesee County offices by writing or calling the following:

Notice of FONSI

The reasons for the decision not to prepare such Statement are as follows: The City of Flint has determined that the project will have no significant impact on the human environment and accordingly has decided not to prepare an Environmental Impact Statement under the National Environmental Policy Act of 1969 (NEPA, 42 USC 4321).

An Environmental Review Record (ERR) respecting the proposed project has been made by the City of Flint which documents the environmental review of the project and more fully sets forth the reasons why such a Statement is not required. This Environmental Review Record is on file for public examination and copying (for a nominal fee) upon request, at the City of Flint Department of Community and Economic Development, City Hall, North Building, 1101 S. Saginaw Street, Flint, Michigan 48502, between the hours of 8:00 a.m. and 5:00 p.m. weekdays. No further environmental review of said project is proposed prior to the request of release of funds.

Public Comments on Finding

All interested parties disagreeing with this decision are invited to submit written comments for consideration to the City of Flint. Such written comments should be received at the above address on or before **March 12, 2018**. Such comments so received will be considered and the City will not process the request for a release of funds, or take administrative action on the written project prior to the date specified in the preceding sentence.

Release of Funds

The City of Flint will undertake the project described above with CDBG allocated under Title I of the Housing and Community Development Act of 1974 (PL 93-383 as amended through the Housing and Urban Renewal Recovery Act of 1983, PL98-181). The City of Flint is certifying to HUD that Dr. Karen Weaver, Mayor, in her official capacity as the City of Flint's Certifying Officer is consenting to accept the jurisdiction of Federal courts if an action is brought to enforce responsibilities in relation to environmental reviews, decision-making, and action; and that these responsibilities have been satisfied. The legal effect of the certification is that upon its approval, the City of Flint may use the CDBG funds and HUD will have satisfied its responsibilities under the National Environmental Policy Act of 1969.

Objections to HUD and Release of Funds

HUD will accept an objection to its approval only if it is on one of the following bases: (a) that the certification was not in fact executed by the certifying officer or other officer of applicant approved HUD; or (b) that applicant's environmental review record for the project indicated omission of a required decision finding or step applicable to the project in the environmental review process; or (c) other specific grounds in HUD regulations at 24 CFR Part 58.75. Objections must be prepared and submitted in accordance with the required procedure (24 CFR Part 58) and may be addressed to:

U.S. Department of HUD
Community Planning & Development
Patrick V. McNamara Building
Detroit, Michigan 48226

Objections to the release of funds on any basis other than those stated above will not be considered by HUD. No objections received after **March 27, 2018** will be considered by HUD.
